# HEKTOR

The HEKTOR collection is inspired by the coolness and minimalism of Scandinavian style and the era of modernism, which was dominated by simple forms and conservatism in accessories and decorations. Bedroom furniture is geometrically shaped, while its glossy surface enhances the effect of a clean and transparent interior. Rounded edges not only contribute to safety, but also calms the somewhat austere styling.

1

Rounded edges facilitate safe use

2

Full-extension ball bearing slide for drawers

ALFA offers unlimited possibilities of interior design, adjusting the space to individual needs and preferences. The wardrobes are equipped with practical sliding doors that allow you to save space and thus gain freedom of space arrangement. The interior of ALFA wardrobes has been divided into two zones. In one there is a construction with a hanging rails, in the other there are 6 adjustable shelves. The wardrobes are characterised by a very solid construction and high quality materials. Simple form and universal design make the furniture fit into any interior design - modern, classic, Scandinavian and rustic. This is a proposal for those looking for functionality and practical furniture at an attractive price.

# BETA

Functionality is creativity and the ability to manage space while keeping things tidy. BETA wardrobes meet these conditions perfectly. They are equipped with sliding doors, behind which two symmetrical spaces are hidden: one – with a fixed shelf and hanging rails, and the other – with one fixed and three adjustable shelves. The wardrobes will work well in large and small rooms. They are available in 6 colours: from light oak, through deep Monastery oak, cool white and classic black.

# LONDON LUX GB

LONDON LUX GB wardrobe is distinguished by an exclusive appearance. It is spacious and functional. However, the modern look is not all. The wardrobe can be equipped with additional shelves, or a hanging rail, and thanks to the availability of four different sizes, it is perfect for a youth room, bedroom, or hallway. White color of the furniture will help to lighten up the room, complete with full mirror doors.
